

### **Some Ideas to Celebrate TSA Advisors Week**

- 1) Bring homemade cookies or other snacks each day of the week for your advisor. Chapter members can choose a different day of the week to bake.
- 2) During morning or afternoon school announcements express your chapter's appreciation for your TSA advisor.
- 3) Purchase, or design, a large "thank you" card and have each member write a note and sign their name. Display the card in your advisor's classroom/lab.
- 4) Collect a small donation from chapter members and purchase a gift card for your advisor to his/her favorite restaurant.
- 5) Compile a book of "thank you" letters from current and former students and give to your advisor during your TSA meeting.
- 6) Have each chapter member write down their five favorite things about your advisor, compile the list and present it to your advisor along with a small gift.
- 7) Create a "thank you" banner to be hung in the hall or classroom from March 5th to 9th.
- 8) Make an "advisor appreciation video". Show the video at your chapter meeting or maybe post on your school's web site.
- 9) Purchase a TSA logo shirt or other item from the TSA store and present it to your advisor.
- 10) Purchase an International Technology Engineering and Education Educators Association (ITEEA) professional membership for your advisor.
- 11) Make an "advisor appreciation" certificate with official signatures of the chapter officers to present to your advisor at your next chapter or school board meeting.
- 12) Invite your school principal to attend your chapter meeting and share with him or her the wonderful things about your advisor. Maybe even do a skit!
